

DIGITAL SCALE

Ag Dryer Services first began offering a digital scale system in 2006 on the ADS Bulk Seed Buggy. Since that time we have seen a steady increase in the number of seed tenders ordered with scales each year. Over the past 3 years a full 20% of seed tenders ordered are leaving our facility with scales incorporated. This feature is available on all models except the STE100.

Standard Digital Scale

- 2" Digital Display Numbers
- Gives Accurate Reading of Seed Remaining in Tender

Smart Scale

- Pre-programmable Digital Scale
- Enter Desired Target Weight, Scale Will Automatically Stop Seed Tender
- Easy to Use
- 2" Digital Display Numbers

Galvanized - What makes it better than paint...

For countless industrial, outdoor and marine applications, galvanized steel is an essential fabrication component. Galvanized steel goes through a chemical process that keeps it from corroding. The steel gets covered in layers of zinc because rust won't attack this protective metal. One of the best methods is "hot dipped" galvanizing, where steel is submerged in melted zinc. Unlike paint which acts as a sealer by simply coating the surface, the process of hot dipping permanently bonds to the steel. Zinc also acts as a sacrificial layer in the event that rust does take hold of the surface. The zinc oxidizes, preventing corrosion from reaching the steel.

INOCULATORS

Dry Treater

Powered by a low rpm, high torque gearbox and 12 volt motor. The metering gate and special blade adjusts the flow for various products and application rates. The blade also helps to eliminate product bridging.

NEW DESIGN

- Popular for Talc, Graphite and Dry Seed Treatments
- Accurate Metering
- 12 to 20 lb/hr Rate
- 50% Increased Holding Capacity
- Heavy Structural Container
- Maximum UV Inhibitors
- Waterproof Container
- Steel Blade
- Clean and Easy to Use

Liquid Treater

A SHURflo 12 volt pump along with a 3.5 gallon tank are used to transfer product from the treater to the auger tube. A George Fisher metering valve provides precise control on amount of product being applied.

Features

- 12 volt SHURflo Pump
- George Fisher Metering Valve
- 3.5 Gallon Tank
- Direct Stream Injection

ADDITIONAL PRODUCTS

Combine Tool Box

Easily replace the existing step with a quality built tool box.

- Fits JD Models 1987 & Newer
- Made From 12 GA Steel
- Locking Handle
- Weather Stripping on Lid

For more than 30 years, Ag Dryer has set the industry standard in custom designed, built and servicing of seed tenders and grain dryers. We have brought that same custom craftsmanship and design to launch the standard in pond recreation. www.pondtini.com

— All Aluminum Construction	— Extremely Stable
— Undeniably Well Built	— High Weight Capacity
— Fully Customizable	

“The Pond-Tini was great fun for our whole family. It's perfect for the small sandpit on our farm and the small lake down the road! No regrets and lots of memories!”

ST100

ST100 2 Box Seed Tender

The ST100 Seed Buggy allows growers to transport two boxes of seed to the field.

Standard Features:

- 2 Seed Box Capacity
- Honda Pull Start Engine
- Wireless Throttle Control
- 6" Manual Fold Poly Cup Auger
- Up to 30' Reach Telescoping Spout
- 3,500# Torsion Axles with Brakes
- Central Fill Ready 15' 6" Discharge Height

Additional Options:

- Electric Start
- Hydraulic Fold Auger
- 7" Auger
- Digital or Smart Scale
- Wet/Dry Inoculators
- Gooseneck

SPECIFICATIONS:

Load Height 37" (Deck Height)

Transport Height 8' (Top of Auger When Folded)

Length 243" (With Auger Down)

Width 84"

Weight 1700lbs (Empty)

ST200

ST200 4 Box Seed Tender

The ST200 Seed Buggy allows growers to transport four boxes of seed to the field.

Standard Features:

- 4 Seed Box Capacity
- Honda Pull Start Engine
- 6" Electric Over Hydraulic Folding Poly Cup Auger
- Wireless Throttle Control
- Up to 30' Reach Telescoping Spout
- 7,000# Torsion Axles with Brakes
- Central Fill Ready 15' 6" Discharge Height

Additional Options:

- Electric Start
- 7" Auger
- Digital or Smart Scale
- Wet/Dry Inoculators
- Gooseneck

SPECIFICATIONS:

Load Height 53" (Deck Height)

Transport Height 11' (Top of Auger When Folded)

Length 225" (With Auger Down)

Width 102"

Weight 2950lbs (Empty)

STE100

STE100 2 Box Seed Tender

The STE100 2 Box Economy Seed Tender was produced with seed dealers in mind. ADS Bulk Seed Buggy knows how important it is to have seed tenders available for your customers during planting season. ADS has developed an affordable solution without sacrificing quality with the STE100. Our STE100 still gives you All Galvanized Construction, Honda Engine, and 6" Poly Cup Folding Auger that is Central Fill Ready. Everything you need and nothing you don't!

Standard Features:

- 2 Seed Box Capacity
- Pull Start Honda Engine
- Corded Throttle Control
- 6" Manual Fold Poly Cup Auger
- Up to 30' Reach Telescoping Spout

- Central Fill Ready 15' 6" Discharge Height
- ADS Single Pin Box Hold Downs
- Straight Axles No Brakes

Additional Options:

- Wet/Dry Inoculators
- Hydraulic Fold Auger

SPECIFICATIONS:

Load Height 37" (Deck Height)

Transport Height 8' (Top of Auger When Folded)

Length 243" (With Auger Down)

Width 84"

Weight 1700lbs (Empty)

BST100

BST100 100 Unit Seed Tender

Standard Features:

- 100 Unit Capacity Split Container System
- Shur-Co Roll Tarp
- Honda Pull Start Engine
- Wireless Throttle Control
- 6" Manual Fold Poly Cup Auger
- Up to 30' Reach Telescoping Spout
- 3,500# Torsion Axles with Brakes
- Central Fill Ready 15' 6" Discharge Height

Additional Options:

- Electric Start
- Hydraulic Fold Auger
- 7" Auger
- Digital or Smart Scale
- Wet/Dry Inoculators
- Gooseneck

SPECIFICATIONS:

Load Height 92" (Deck Height)

Transport Height 8' (Top of Auger When Folded)

Length 243" (With Auger Down)

Width 84"

Weight 2300lbs (Empty)

BST200

BST200 200 Unit Seed Tender

Standard Features:

- 200 Unit Capacity Split Container System
- Shur-Co Roll Tarp
- Honda Pull Start Engine
- Wireless Throttle Control
- 6" Electric Over Hydraulic Folding Poly Cup Auger
- Up to 30' Reach Telescoping Spout
- 7,000# Torsion Axles with Brakes
- Central Fill Ready 15' 6" Discharge Height

Additional Options:

- Electric Start
- 7" Auger
- Digital or Smart Scale
- Wet/Dry Inoculators
- Gooseneck

SPECIFICATIONS:

Load Height 96" (Deck Height)

Transport Height 11' (Top of Auger When Folded)

Length 225" (With Auger Down)

Width 102"

Weight 4050lbs (Empty)

BST300

BST300 300 Unit Seed Tender

Standard Features:

- 300 Unit Capacity Split Container System
- Shur-Co Roll Tarp
- Honda Pull Start Engine
- Wireless Throttle Control
- 6" Electric Over Hydraulic Folding Poly Cup Auger
- Up to 30' Reach Telescoping Spout
- 10,000# Torsion Axles with Brakes
- Central Fill Ready 15'6" Discharge Height

Additional Options:

- Electric Start
- 7" Auger
- Digital or Smart Scale
- Wet/Dry Inoculators
- Gooseneck

SPECIFICATIONS:

Load Height 108" (Deck Height)

Transport Height 11' (Top of Auger When Folded)

Length 225" (With Auger Down)

Width 102"

Weight 4800lbs (Empty)
